

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Violet Varona-Lukens, Executive Officer
Clerk of the Board of Supervisors
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Director of Public Works
Director of Planning

At its meeting held June 3, 2003, the Board took the following action:

102-B

Supervisor Antonovich made the following statement:

“In April and May of this year, inspectors with the United States Environmental Protection Agency found insufficient erosion and sediment controls at developments on both sides of Plum Canyon Road in unincorporated Los Angeles County. This action was in addition to the Los Angeles Regional Water Quality Control Board issuing four violation notices to Shapell Monteverde Partnerships. The failure to adequately control this type of erosion is one of the major causes of water pollution in Los Angeles County.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Burke, unanimously carried (Supervisor Molina being absent), the Directors of Public Works and Planning were instructed to report back to the Board within 30 days on how protections can be enacted against insufficient erosion and sediment controls at the developments on both sides of Plum Canyon Road in unincorporated Los Angeles County in order to protect the County's valuable water resources.
